## OUR SERVICES

# Everything you will need

### MEDICAL BILLING & CODING:

Our end-to-end medical billing solutions offer optimal compensation while minimizing overall costs. Team of certified medical coders provide tailored coding services for any sort of medical facility.

### REVENUE CYCLE MANAGEMENT

We are committed to providing the best revenue cycle solutions. We are ready to prepare our clients to navigate properly through whatever challenges arise.

### ACCOUNT RECEIVABLE:

In order to ensure that claims are resolved quickly, our well-trained staff often keeps in contact with insurance companies via phone, e-mail, etc. The billing software will then post all payments.

## OUR SERVICES

# Everything you will need

### DENIAL MANAGEMENT

There are two different claims. The payer rejects claims that do not make it to its adjudication system due to errors. These claims need to be corrected and resubmitted. In contrast, denied claims occur when the payer denies payment while the claims are being adjudicated.

### CREDENTIALING:

In addition to registering your practice and its providers, we create a CAQH provider number, enroll you in EFTs and ERAs, and handle your credentialing applications with insurance companies, which increases insurance reimbursements.

### PRACTICE MANAGEMENT

Our team has helped practices across the United States to increase revenue and accomplish their goals. Practice Management Services will take care of a variety of time-consuming tasks to increase your productivity.
